

# Manorvale Primary School

## Library and Digital Technologies Program Term 1 2021

Mr Geoff Giblin

During Term 1 all grades will focus on establishing or reinforcing both Library and Computer Lab's rules and routines. Each area will address the following points in their lessons:

### Preps

- Introduction to the library rules and routines
- Focus on shared reading, introducing book parts: Title, Author, Illustrator and call number.
- Letter recognition activities using the iPad and IWB
- Introduction to computer lab, rules and routines
- Introduction to passwords and computer parts

### Year 1/2

- Reading, browsing and borrowing.
- Building up to 16 minutes sustained silent reading
- Library shelf organisation and management
- Questioning before, during and after reading a book
- Focus on using the lab carefully
- Labelling parts of a computer
- Focus on remembering storing passwords and keeping them secure

### Year 3/4

- Reading, browsing and borrowing.
- Building up to 16 minutes sustained silent reading
- Library shelf organisation and management including Fiction books
- Questioning before, during and after reading a book
- Labelling parts of a computer, recognising inputs and outputs
- Focus on remembering storing passwords and keeping them secure
- Establishing routines and activities in Purple Mash and Google Classroom

### Year 5/6

- Reading, browsing and borrowing.
- Building up to 16 minutes sustained silent reading
- Questioning before, during and after reading a book
- Library shelf organisation and management including Non Fiction
- Labelling and describing parts of a computer, recognising inputs and outputs
- Focus on remembering storing passwords and keeping them secure
- Establishing routines and activities in Purple Mash and Google Classroom
